

February 2010

The Children gathered some branches and decorations to create a Christmas tree.

Christmas celebrations continue

Happy New Year! The first day of the year spent scrubbing tiles.

Some more New Year fun with volley ball.

Sitting down to Christmas lunch in the new house.

Trying to get the hang of the pedals. Everyone wantina a push.

The girls keen to try out the new bicycles.

Heading to school at 6am. Still a little dark.

Peace's first day at school.

Delivery of 10000L tank. To be placed on a stand to be the feeder tank to the homes. The workers could hardly believe their eyes when they saw it

The first home just some final touches required.

Second House in progress.

Much has happened even in these past couple of months with Christmas and New Year mixed up in the middle.

Final touches are happening on the kitchen bench for the first home. The Robins are in the process of migrating from the cottage to the main house. The second house is on hold as we finalise the first home and wait for the windows and doors of house two to be delivered and installed.

I'm in my final three weeks here so am continuing to try and get as much completed as possible before I go.

We are currently organising for the large tank stand, the building of a water storage tank, building a small cottage for a family we visit out in the rural community, furnishing the first home, sorting through applications for a house assistant and many other day to day issues.

A big thank you to those who continue to support us, who sent money for Christmas gifts (it went towards bicycles, volley ball & net, puzzles and Christmas Lunch!) and those who sponsor the children. For prayers, thoughts and financial support we are so very grateful.

Thanks for your interest, love & support,

*Jan Suffolk*
