

*MAD Report, May 2007*

*It is with great pleasure we report that with your support we were able to raise \$1,162.50 at the MAD for Children Day. These funds will go toward constructing a purpose built orphanage in Agra, India so that orphaned children will have a place to call their very own.*

*The day was simply glorious and enjoyed by all. Many thanks to the 'brain child' of this event, Maureen O'Brien, local jazz artist for inviting us all to her Warner's Bay garden.*

*Some quotes from friends who attended were:*

*"The air was filled with live music supplied by local jazz musicians."*

*"I loved how you had a little child ministry happening so parents could be free to enjoy their Devonshire tea, relax, listen to music and have a good visit with friends."*

*"If you didn't go, you just have to go next time because there was so much to do and see, like, look at the arts and crafts at the sales tables, meet new people over a cuppa, door prizes and watch Grahame Byrnes make balloon animals for the kids...not to mention the Blitz Master!"*

*"This was the perfect venue and atmosphere to Make a Difference for these little orphans...what a creative idea."*

*"...truly unique idea to help for such a worthy cause!"*

*We want you to know that our RN kids and the RN team truly appreciate all those who were able to join us in giving this 'promise of life'. If you want to keep track of how things are going in our Robins Nests visit: [www.robinsnestchildrenshomes.com](http://www.robinsnestchildrenshomes.com)*

*Yours for the children,*

*Grahame, Robin and our Robins Nest Team*
