July, 2007.

Dear Robin's Nest friends,

Since we have been getting more volunteers joining our RN team and we have our web site up and running, we have a little more time to keep you updated through the mail now. I pray you will enjoy the monthly updates.

You are so important, as each dollar you give helps to make the life of a dear child that much better. It takes them off the streets or out of complete poverty where they could even die because they have no parents to care for them.

Here's what one of our orphans from Agra wrote this month.

"I am 9 years old and I came from a village. My life style was very difficult because I did not have parents and my Grandfather was trying to care for me but he could not make enough money. I used to take goats and cows into the field but I could not go to school. I lived in a mud hut and we did not have electricity or a well. Now my life is changing. My carers in Robin's Nest say that I am improving in all areas. Now I love to sing, play the kongo and I am learning to pray and make new friends. I am in KG class and I love to learn." Devendra

This is a photo of Devendra before he came in to RNCH. He was so sad then.

Just to see the changes on their little faces after they have been in Robin's Nest for some time is worth all the effort to minister God's love to these precious ones. Thank you so much for your caring and support. Without your help we could not save children like Devendra.

Blessings,

Grahame & Robin Byrnes.

Robin's Nest Children's Homes.
Agra, Jhansi, (India) and Webuye (Kenya).
