

Robin's Nest INFOSHEET

Welcome to this first new Robin's Nest newsletter.

Yes ... this little girl (cf: Fig. 1) is "real" and barely alive. Only two days before, the woman - or rather, heroine - holding this child (cf: Fig. 2) had discovered her helpless in a ditch on a remote Kenyan side road. The social worker with me begged us to take her into our Robin's Nest, and wanted me to name this abandoned child "Bless-ed".

FIGURE 1

A doctor inspecting her teeth said she was 4 years old, just one year younger than our girl "Peace" who is standing next to me in the photo here (cf: Fig. 3).

By comparing Bless-ed to a child such as Peace, who has been with us for a while, you can see

Alive, but ... not by much

FIGURE 2

FIGURE 3

Malnourished and frail

Bless-ed is severely malnourished, her frail body is environmentally delayed, her neck remains limp and tiny limbs have difficulty supporting her (cf: Figs. 3-6).

Bless-ed desperately needs help and love, but our Home has several unsponsored children just like her already. In our Outreach Project, children also wait and wish, almost as desperately, to find committed monthly sponsors to give them their chance in life.

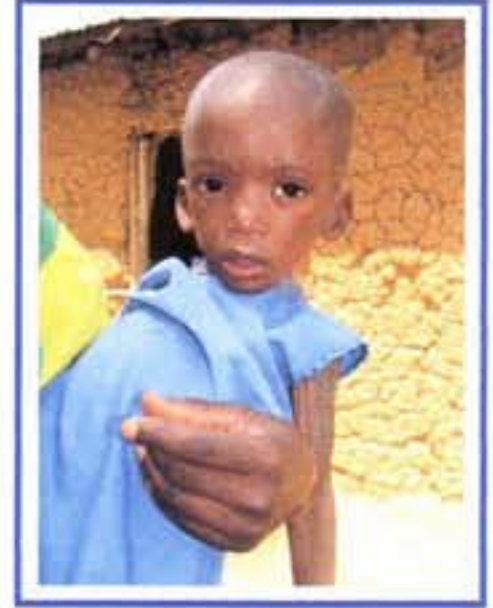

FIGURE 4

Our practice is to only receive a child into our Home if we have a sponsor to begin with. However, 13 children were abandoned here

13 extra kids were abandoned here

with no clothes, food or medical care. Due to circumstances beyond our control, we were unable to return them to the streets. So, we felt compelled to try to find sponsors for them (cf: Fig. 7, [except Peace, front left]).

FIGURE 5

If you, or anyone you know, can spare just \$2.15 per day then Bless-ed, if she lives long enough, would be closer to being cared for and being provided with shelter, food, clothing, education and love Please help us find sponsors for children we have now, so we might - and soon - be able to bring Bless-ed into our Home to

FIGURE 6

Some of them are still un-sponsored

FIGURE 7

become as happy and healthy as our darling Peace.

We do hold "un-sponsored" children, but it is stretching our funds immensely. However, we are always trying to avoid creating the same environment of poverty the little ones came from earlier.

Robin's Nest is seeking sponsors for other orphaned children already in our care (cf: Figs. 8-13), so if you can help in any way please contact us urgently. We hope you consider this as urgent a matter as we do. Our sponsors are as important to us as the children, but we simply cannot help without your support. For a "quick sponsor", and for more info., please see our website: robinsnestchildrenshomes.com

Can you help us to help them ?

Un-sponsored kids

Here are some of them. If you can help one, then we can help others!
